Objective:

Continue to develop a career that furthers my interest and experience in the IT Field.

Experience:

Georgia-Pacific Corporation, Green Bay, Wisconsin
Internship (May 2002 – Present)

System Analysis

Support a Mill Improvement Team by developing production database and reporting application (Microsoft Access). Consult with users on design/testing. Train users during implementation. Integrate application into mill-wide systems.

Infrastructure Support

Member of Help Desk Response Team. Troubleshoot hardware, software and network issues. Tutor users on business applications including: Adobe Photoshop, Microsoft Word, Microsoft Powerpoint

St. Norbert College Computer Services, De Pere, Wisconsin

Assistant Microcomputer Specialist (May 2001 – May 2002)

With tech support team, diagnosed and repaired faculty/staff computers and printers in a networked computer environment. Installed hardware and software, tutored users.

Shopko Offices, Green Bay, Wisconsin

Employed through Seek Inc., Green Bay, Wisconsin

Order Auditor (May 2000 – September 2000)

Audited orders for completeness. Tracked product movement using Microsoft Excel spreadsheet files. Networked with remote sites to reconcile shipments.
